RXS

FRESH EDGES with RUNNER EXCHANGE SYSTEM

PERFORMANCE

As blade height decreases, the rocker position is altered. The ability to change runners allows skaters greater consistency in the sweet spot, eliminating the need to get accustomed to new blades & rockers.

CONVENIENCE

A spare set of specifically sharpened runners provides convenient consistency and confidence in the case of an emergency.

MAINTENANCE

The runners fit all machines, so no need for special jigs or attachments. Also, there is no need for a smaller wheel, meaning the profile can be sharpened all the way through without a flat spot behind the pick, drastically aiding with axel take-off.

ADVANCED BLADES

Matrix™

LIGHTWEIGHT PERFORMANCE

Lighter, Faster, with the Superior Edge Control of Stainless Steel

SUPREME

Cross Cut Pick

ELITE

Straight Cut Pick

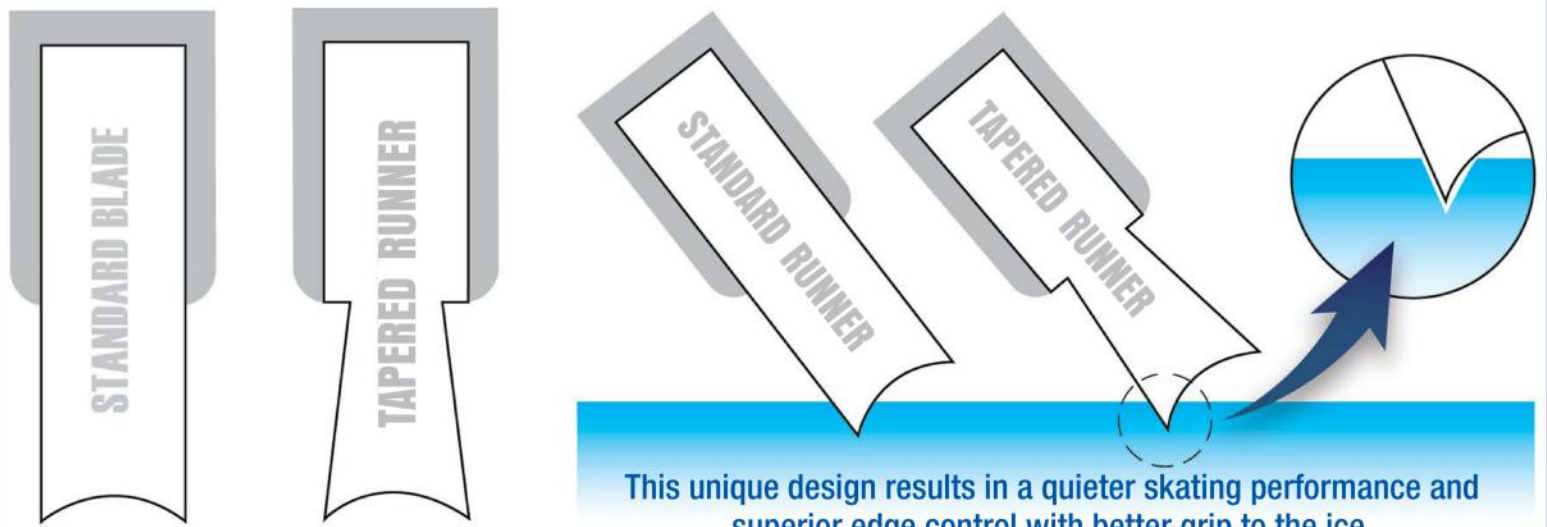

- Lightweight Aircraft Grade Aluminum Chassis
- Stronger Japanese AUS8 Stainless Steel Runner

Stainless steel is harder than carbon steel, creating faster glide with enhanced edge control and less frequent sharpening.

Our superior edge control is created through a tapered design:

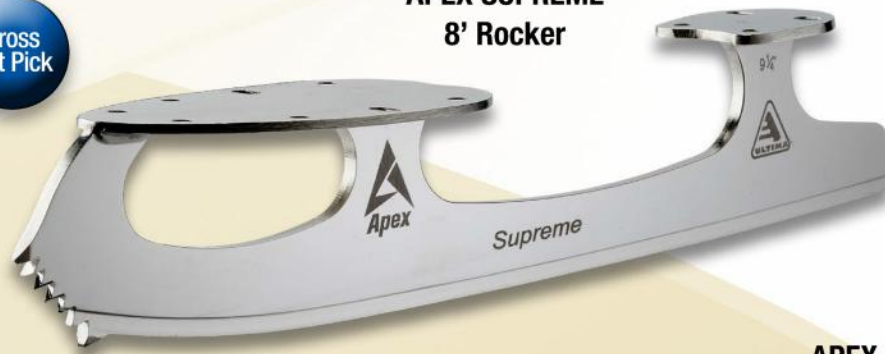

This unique design results in a quieter skating performance and superior edge control with better grip to the ice.

FEATURED in MATRIX ADVANCED and APEX SERIES

Cross Cut Pick

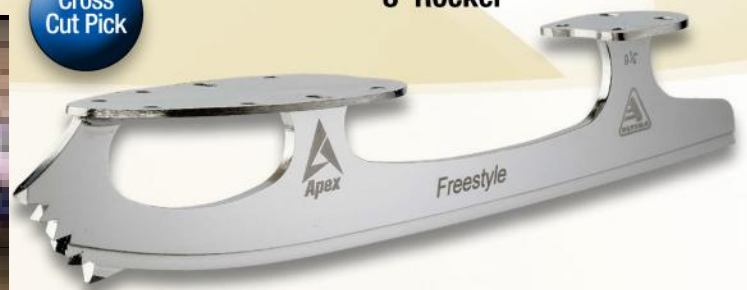

**APEX SUPREME
8' Rocker**

Technology Is Our Edge

Cross Cut Pick

**APEX FREESTYLE
8' Rocker**

Straight Cut Pick

**APEX ELITE
8' Rocker**

Jackson Ultima ...

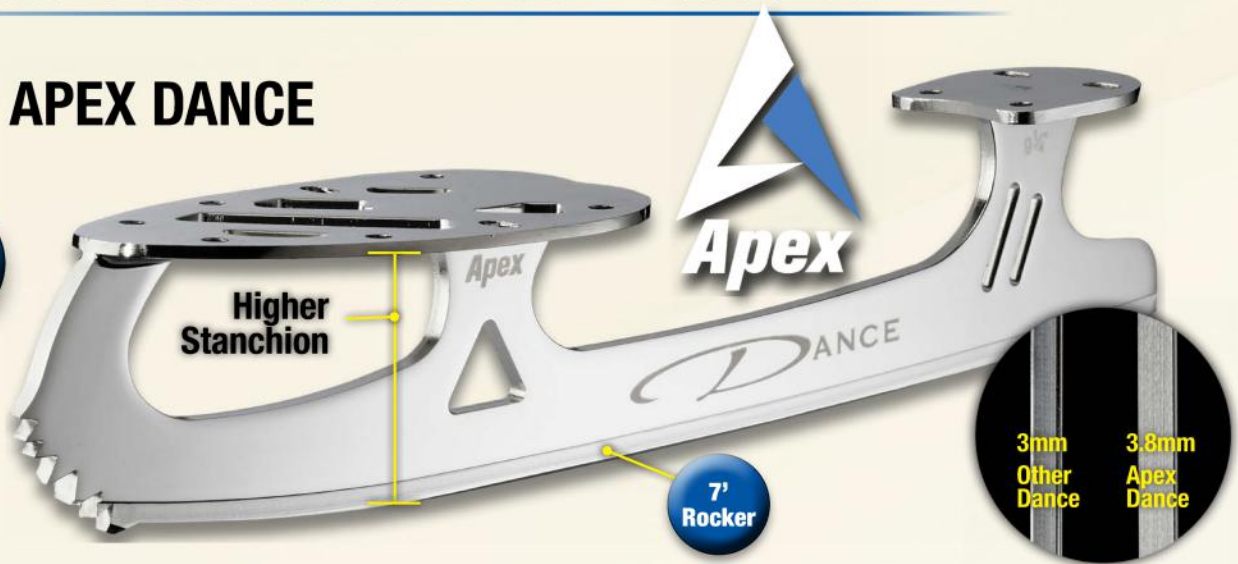

Titanium coating hardens the blade for superior edge life and less frequent sharpening with exceptional durability.

SPECIALTY BLADES

APEX DANCE

Cross
Cut Pick

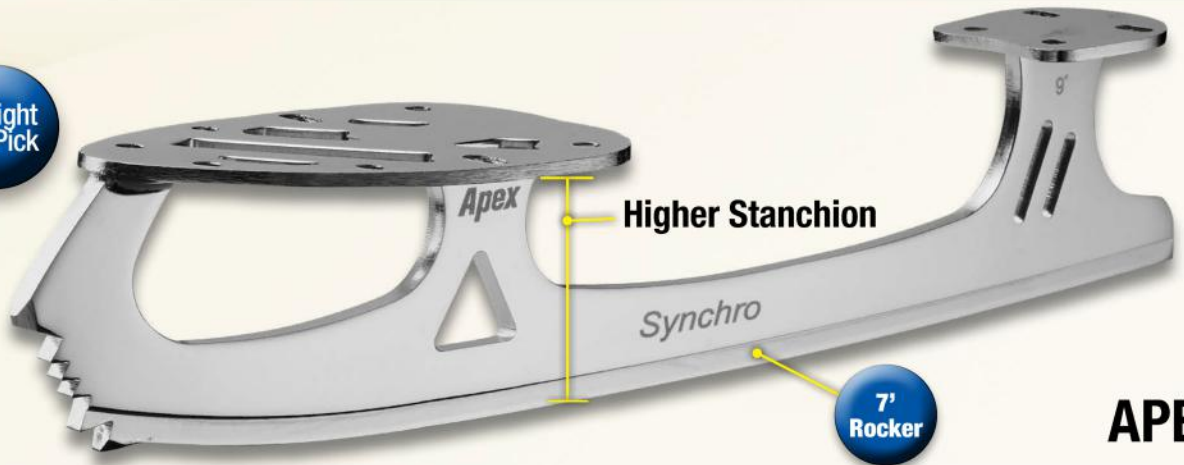

Titanium Coating for Longer Edge Life Tapered Edge Design

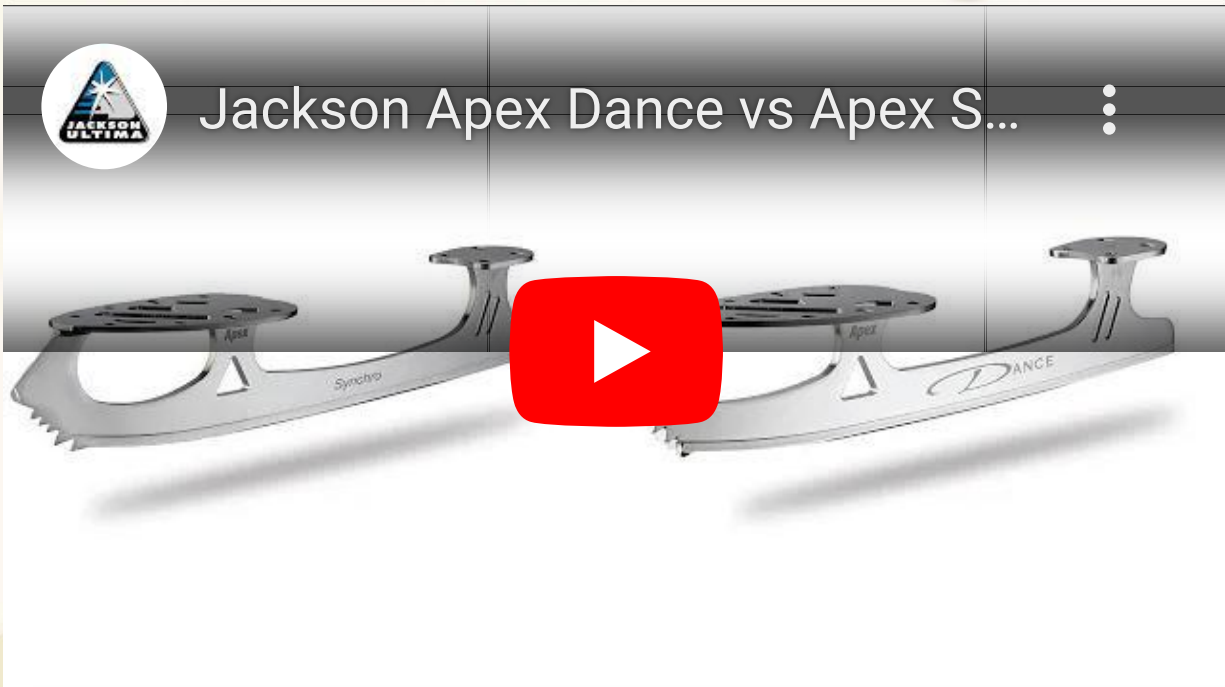

- Wider Runner Base for enhanced stability on Twizzles
- Cut-out design for lighter weight
- 7' rocker design and short heels for enhanced maneuverability
- Higher Stanchion for deeper edge
- Titanium coating for tighter turns, faster glide, and more control

Straight Cut Pick

APEX SYNCHRO

The **Synchro blade's** hybrid design addresses the evolution of the sport, which includes more jumps, maneuvers, and technical elements.

Technology Is Our Edge

Straight Cut Pick

FINESSE

- 7' Rocker
- Short Heel
- An exceptional blade for Intermediate Dance & Synchro

LEGACY SERIES

Matrix[™]

Legacy

LIGHTWEIGHT PERFORMANCE

**33%
LIGHTER!**

- Lightweight Aircraft Grade Aluminum Chassis found in our Advanced Series
- 420J Stainless Steel Runner is harder than carbon steel, creating faster glide with enhanced edge control and less frequent sharpening

Lighter, Faster with the Superior Edge Control of Stainless Steel.

Matrix Legacy is also available in colours:

LEGACY LITE

Technology Is Our Edge

Designed in response to demand by top coaches, the lightweight cutout design with chrome finish in our Legacy Lite series is the perfect graduation from our Introductory blades.

LEGACY 8

- 8' Rocker
- Standard Heel

LEGACY 7

- 7' Rocker
- Standard Heel

FINESSE

- 7' Rocker
- Short Heel

ADVANCED BLADES

SPECIALTY BLADES & LOW CUT BOOTS

BLADE F

Our blade families allow skaters and their coaches to select a preferred skating skills evolve. **A consistent rocker**

DIAGONAL CUT FAMILY

STRAIGHT CUT FAMILY

Advanced

Intermediate

- Incorporates a Diagonal Cut Pick design, providing a lower drag tooth & lift angle
- Allows you to get to the toe pick faster for take offs on jumps

- Incorporates a Straight Cut Pick design, meaning there is a higher drag tooth and bigger 2nd pick than diagonal family for better stability on take offs
- Slightly higher lift angle than diagonal family allows for easier spins

AMILIES

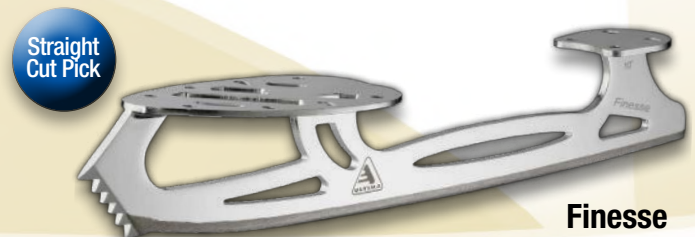

Pick Pattern and transition from an intermediate level to advanced as their eases the transition within each family.

CROSS CUT FAMILY

Advanced

7' ROCKER FAMILY

Intermediate

- Incorporates an Advanced Cross Cut Pick Symmetry - excellent for those hitting the toe picks too fast
- The highest lift angle and drag tooth of the 3 families, superior for spins & axle take offs

- Features 7 foot rocker for enhanced maneuverability required in Dance & Synchro disciplines
- Higher stanchions on Dance & Synchro blades provides the advantage of deeper edges
- With the enhanced maneuverability of a 7' rocker, Legacy Lite 7 is an ideal solution for skaters competing in both Freestyle and Synchro disciplines
